

Pebble Beach Community Services District

Primary 2023 Goals

1. Continue to consider organizational changes, including additional staff positions, to meet challenges of longtime employee retirements.
2. Review and negotiate updates to the Agreement for Use of Wastewater Treatment Facilities between Carmel Area Wastewater District and PBCSD.
3. Review potential impacts of Sea Level Rise on District facilities.
4. Update Fire Defense Plan and continue expanded fuel reduction efforts with Del Monte Forest Conservancy and Pebble Beach Company. Consider challenges as program transitions to maintenance mode in the future.
5. Complete Phase III undergrounding project from the District offices to the Peter Hay Golf Course and Equestrian Center Area on Forest Lake Road. Begin design of Phase IV project.
6. Participate in MRWMD Technical Advisory Committee including implementation of SB1383 requirements to divert organic material from landfills, review of solid waste haulers performance, regional solid waste planning, legislative and regulatory issues and capital improvements at MRWMD facilities.
7. Continue to update the District Safety Program including the Injury and Illness Prevention Program and policies for specific safety programs like emergency response, confined space entry and fall protection programs.
8. Coordinate with Monterey County Emergency Communications Department to transition to new CAD to CAD (Computer Aided Dispatch) system to reduce response times.
