

Pebble Beach Community Services District

Primary 2024 Goals

1. Continue to consider organizational changes to meet challenges of longtime employee retirements.
2. Review and negotiate updates to the Agreement for Use of Wastewater Treatment Facilities between Carmel Area Wastewater District and PBCSD.
3. Continue expanded fuel reduction efforts with Del Monte Forest Conservancy and Pebble Beach Company. Consider challenges as program transitions to maintenance mode in the future.
4. Prepare for emergency responses by Fire and Maintenance Department to address issues caused by the expected wet weather this winter.
5. Complete design of Phase IV undergrounding project replacing 21 KV lines in the estate area of Pebble Beach.
6. Participate in ReGen Monterey (Monterey Regional Waste Management District) Technical Advisory Committee including coordinating SB1383 requirements to divert organic material from landfills, review solid waste haulers performance, regional solid waste planning, legislative and regulatory issues and capital improvements at ReGen Monterey facilities.
7. Review potential impacts of sea level rise on District facilities.
8. Continue to improve the District Safety Program including an update of the Injury and Illness Prevention Program.
9. Coordinate with Monterey County Emergency Medical Services providing feedback on the Request for Proposals to provide Ambulance Service in Pebble Beach. Coordinate with Monterey County Emergency Communications Department looking for system improvements to reduce response times.
